

ISC2 Pledges

# One Million

## FREE Certified in Cybersecurity<sup>SM</sup>

### Courses and Exams

**Certified  
in Cybersecurity**  
ISC2 Certification

See yourself in cybersecurity. You don't need experience — just the passion and drive to enter a demanding and rewarding field, one that opens limitless opportunities worldwide.

**Certified in Cybersecurity from ISC2** – the new entry-level certification from the world's leading cybersecurity professional organization known for the CISSP® — gives you the knowledge and skills you need to begin your first role ready for what's next.

#### One Million Certified in Cybersecurity

The University of Kent's Institute of Cyber Security for Society (iCSS) and the Kent & Medway Cyber Cluster (KMCC) are pleased to partner with ISC2 to help close the cybersecurity workforce gap and bring a more diverse pool of practitioners into the field. For a limited time, ISC2 is offering **FREE Certified in Cybersecurity (CC) Online Self-Paced Training and exams** to one million people. We encourage you to seize this opportunity and sign up to participate.

When you're Certified in Cybersecurity, you'll gain access to a wealth of career-building ISC2 member benefits and our global network of 550,000 certified members, associates and candidates.

**Start your career with a CERTIFIED ADVANTAGE.**

**ONE Million**  
Certified in Cybersecurity

Closing the global workforce gap with one million free exams and courses.

# Jumpstart Your Career in Cybersecurity

## How to Sign Up

Follow these simple steps to get your free Certified in Cybersecurity certification training and exam:

1. Complete your ISC2 Candidate [application form](#) and select Certified in Cybersecurity as your certification of interest. If you don't already have an ISC2 account, you'll need to create one.
2. Once the application is complete, you'll become an ISC2 Candidate. You'll gain free access to Official ISC2 Certified in Cybersecurity Online Self-Paced Training and a code to register for the free certification exam. Go to the [Candidate Benefits](#) page for your access code.
3. Upon passing the exam, completion of the application and payment of your U.S. \$50 AMF, you'll become a certified member of ISC2 – the world's largest association of certified cybersecurity professionals – with access to a broad range of professional development [resources](#) to help you throughout your career.

Sign Up Today

**Please note:** Upon passing the exam and becoming a certified member, your **U.S. \$50 Annual Maintenance Fee (AMF)** will be due.

CC is for job-ready candidates entering the workforce or looking for a transition:

- » IT professional
- » Career changer
- » College student or recent graduate
